## TOUR 7. Northern Beaches

**Distance:** 18 km circuit  
**Time:** 1.5 hours  
**Start:** Trinity Beach

This tour takes in Cairns' most beautiful beaches. Be aware that it involves two short sections on the sand itself.

There is an option of travelling by public bus to Trinity Beach and hiring a bike from the beachfront rather than getting there by car or a long pedal up the highway.

Start by exploring Trinity Beach along Vasey Esplanade. Then take Strombus Ave and use the path link through to Kewarra St. Cycle up to the beach access at the end of this street. Jump onto the beach and ride along the hard sand at the water's edge to join Arlington Esplanade just before the rock wall.

Arlington Esplanade takes you along the beach front to a picnic area at the north end. Take the short boardwalk through the gully to join Argentea boardwalk that comes off the beach just after the creek.

Follow this lovely cycle path through the mangroves and paperbarks until you join the road again at the Sea Temple Resort. Then follow the road around to Williams Esplanade. Look out for the rich and famous as you cycle up the beachfront of Palm Cove all the way to the jetty.

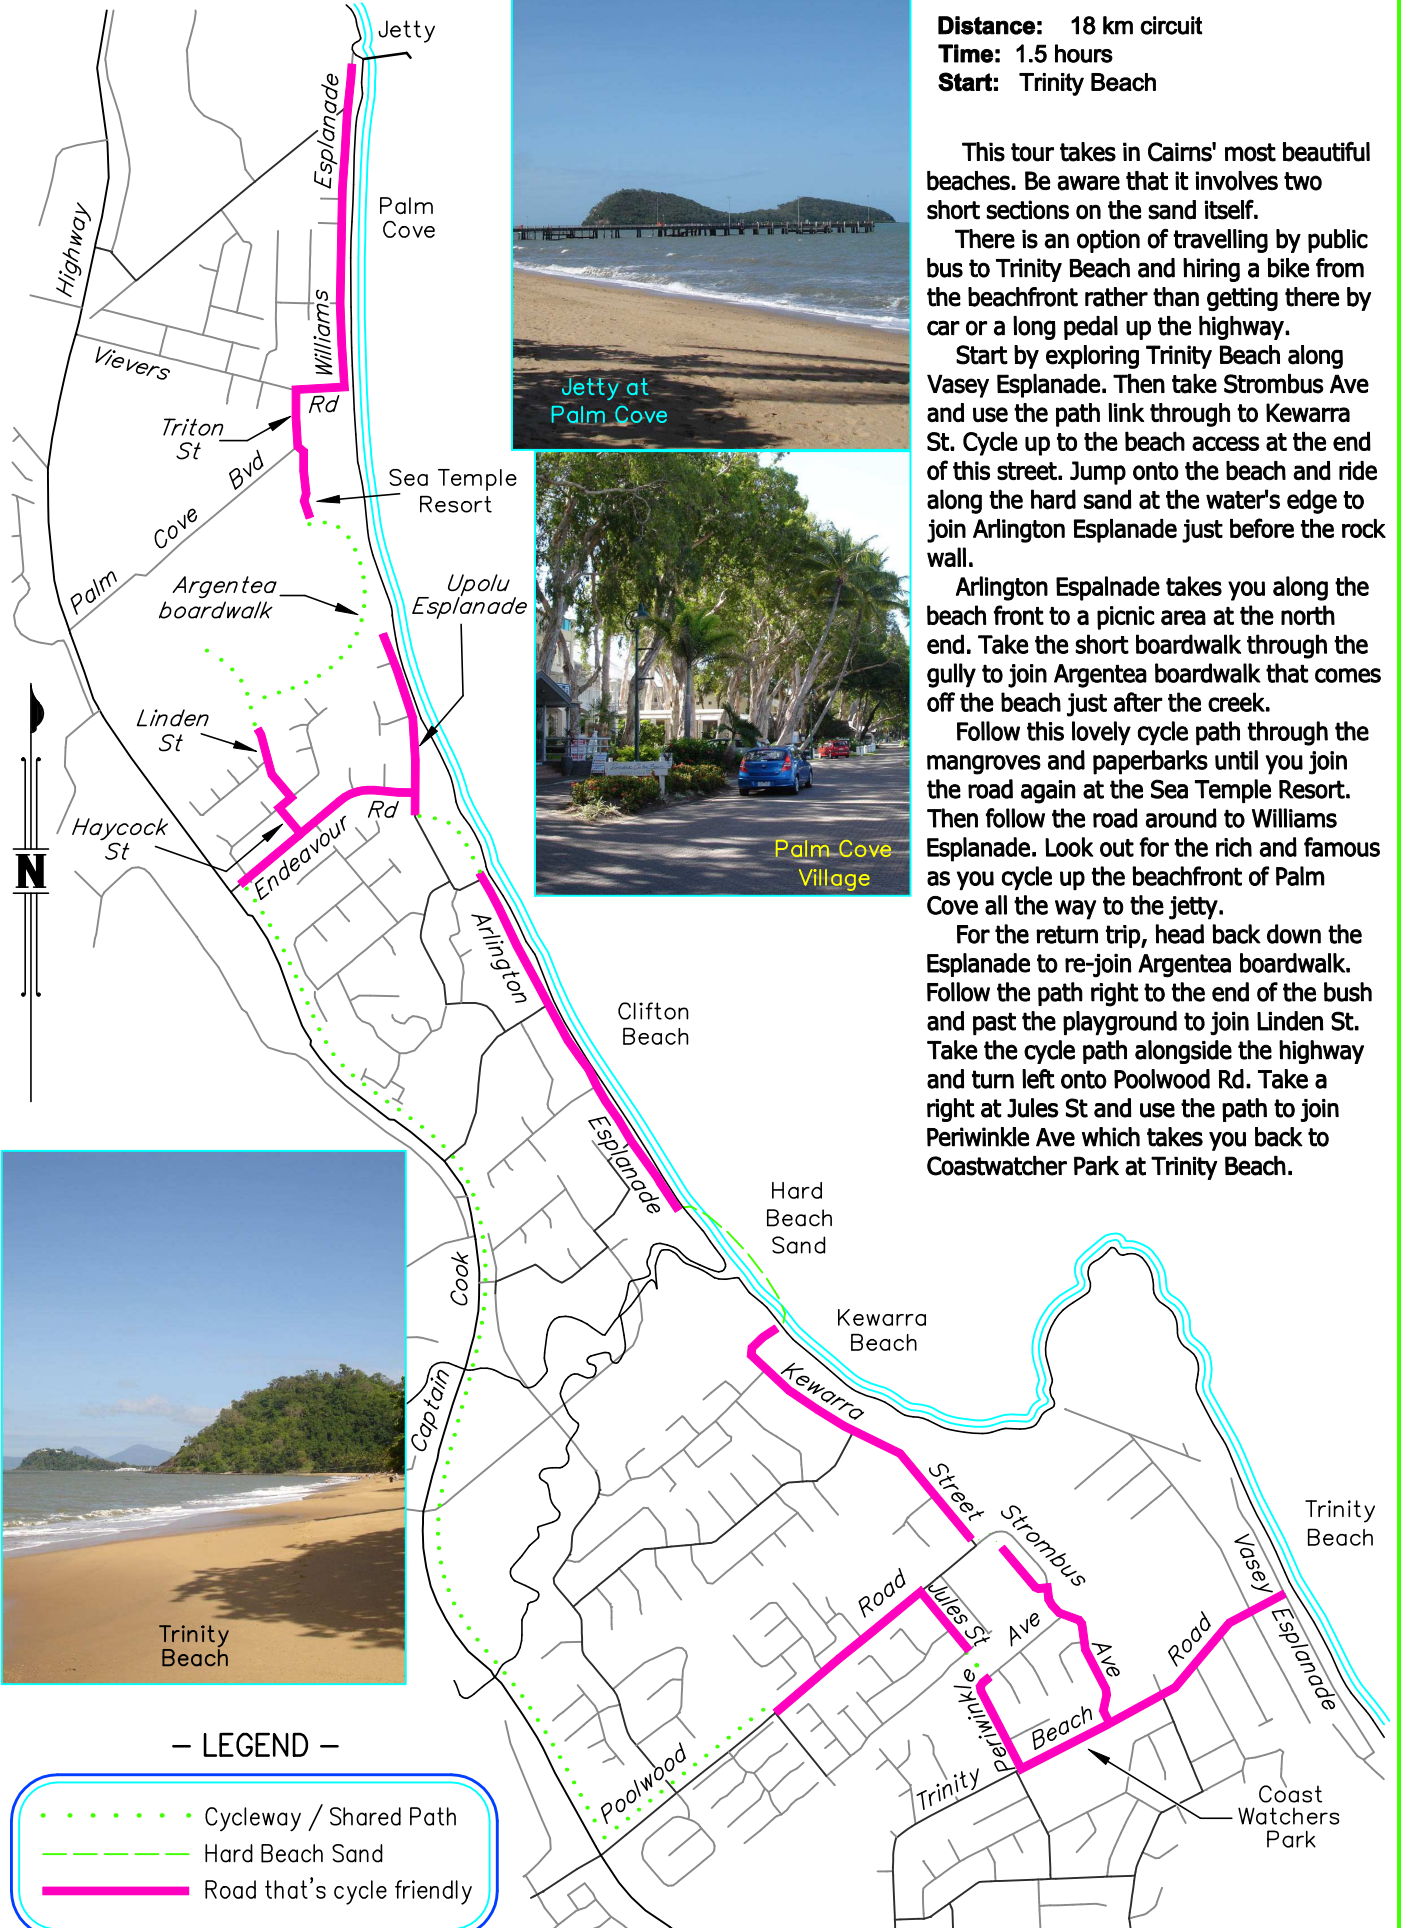

For the return trip, head back down the Esplanade to re-join Argentea boardwalk. Follow the path right to the end of the bush and past the playground to join Linden St. Take the cycle path alongside the highway and turn left onto Poolwood Rd. Take a right at Jules St and use the path to join Periwinkle Ave which takes you back to Coastwatcher Park at Trinity Beach.

Jetty at Palm Cove

Palm Cove Village

Trinity Beach

— LEGEND —

- ..... Cycleway / Shared Path
- - - - - Hard Beach Sand
- Road that's cycle friendly
