

TOUR 8. Lake Morris Road

Distance: 14 km one way

Time:

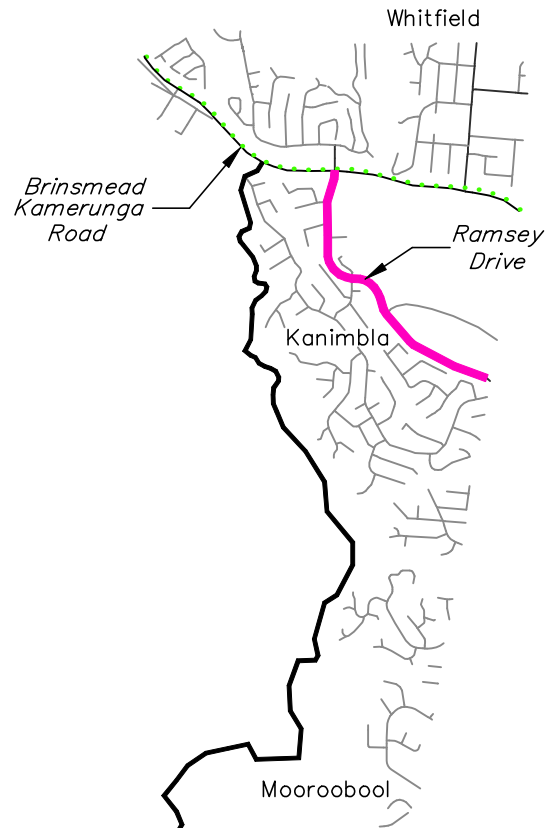

Start:

This is a super-tour, only suitable for fit and experienced cyclists.

It offers spectacular views across Cairns and out to the islands, lush rainforest surrounds and a cafe overlooking a stunning blue lake at the top.

It also promises a long and punishing uphill, for those of us who enjoy such wacky pursuits, and a head-rushing rollercoaster downhill.

This tour is definitely not for the faint of heart or thin of brake pads.
